Sponge Painted Clouds

Supplies:

- Sponges – An old bath time or kitchen sponge will work
- White paint
- Dark paper like blue, purple, or black

Directions:

- Take a walk outside and see if you can see any clouds – If you can what so they remind you of?
- Dip your sponges into the paint and then onto the paper
- Use white paint to create a replica of the clouds you saw outside on dark paper
- Can you make your cloud look like the one you saw outside?
