# Tissue Paper Rainbows

## Supplies:

- White paper cut into the shape of a rainbow
- Colored tissue paper (bleeding)
- Paintbrush and water, damp paper towel, or sponge

## Directions:

- Cut a rainbow shape from white paper
- Layer small pieces of tissue paper on the white paper rainbow
- Use a damp paintbrush to brush water over top of the tissue. The tissue should stick to the white paper
- Let dry
- Peel off tissue paper
- The color from the tissue paper should have transferred to the white paper
- Where the different colors of tissue overlap, the colors will mix
